Resultado di estudio Anual di APA N.V. y Universidad di Aruba

Alfonso Boekhoudt y Prof. Dr. Ryan Peterson a presenta resultado di estudio Anual di Aruba Ports Authority N.V. y Universidad di Aruba

No ta desconoci cu entre mas satisfecho un persona ta cu su bishita na un destinacion cu e chensnan di regresa ta mas halto cu si esaki no tawata e caso. Pero un pregunta importante ta keda, con satisfecho e bishitante na nos Puerto ta? Esaki lo influencia su regreso pa nos isla? Y con exactamente su bishita na nos Puerto ta influencia nos economia? Segun Sr. Alfonso Boekhoudt "pa midi e factornan aki di e industria ta hopi mas relevante cu solamente keda enfoca riba e total di pasahero pa determina si e industria ta creciendo". Pa contesta e preguntanan aki y pa studia e impresion di nos terminalnan crucero, studiantenan di Facultad di Turismo di Universidad di Aruba, bou guia di Prof. Dr. Ryan R. Peterson a conduci un serie di entrevista na 2011 cu a enfoca primordialmente riba calculacion di e impacto directo e indirecto di e entradanan produci pa actividadnan na nos terminal di Oranjestad y nan impacto directo e indirecto ariba e economia di nos pais.

A calcula e patronchinan di gasto den sectornan specifico di nos economia manera F&B, comercio, y transporte, entre otro. A identifica e contribucion total di e puerto riba e economia di Aruba incluyendo efectonan directo y indirecto manera:

Tambe a identifica factornan experiencia cu ta provoca e contribucion economico di e industria por medio di:

a. Factornan di calidad na nos haf

b. Factornan di calidad na e destinacion

c. Factornan di satisfaccion y factornan di lealtad

E studio a conclui cu en general Aruba Ports Authority su servicionan ta gosa di un nivel di aceptacion hopi bon. E servicionan na nos terminal ta score relativamente halto mescos cu e limpieza di e puerto/terminalnan y e atencion di esnan cu ta bin den contacto cu e bishitante, compara cu otro puertonan crucero y terminalnan den region Caribense. Maske cu e studio ta revela cu e impacto di e nivel di satisfaccion no ta un componente principal ora di tuma un decision di regresa nos isla. E estudio ta sigui mustra cu e impacto total di e Puerto di Oranjestad tin un aporte di US 150 miyon dollar ariba e economia di nos pais. Si compara esaki cu Puerto di New York cu ricibi den careda di e mesun cantidad di bishitante e impacto ta cuadra cu esaki. E gasto pa pasahero crucero ta mantene su mes na un nivel halto esta un di $170 dollar pa persona (ultimo estudio di CBS na 2005 ta $112.11 dollar, cu ta un aumento substancial).

Turismo crucero semper tawata un componente integral di nos industria turistico. Ademas di trece beneficio economico e tin e potencial di yuda e industria turistico ariba termino largo.

Pasaheronan cu ta biaha via crucero a yega un punto di 10 miyon pero mester tene cuenta cu 90% di e poblacion di Merca nunca a tuma un crucero, convertiendo esey den un gran potencial pa e industria. Ta e intencion cu e studio aki lo trece padilanti e importancia di e trabounan di nos puerto como e prome punto di contacto cu e pasahero crucero pero tambe su gran impacto ariba e entradanan pa nos pais y e beneficionan pa e habitante cu esaki ta trece cu ne. Di parti di Aruba Ports Authority N.V. un danki ta bay na e studiantenan di Universidad cu a traha pa realisa e encuestanan na nos puerto. Aruba Ports Authority N.V. conhuntamente cu Universidad di Aruba a cera un acuerdo na 2011 pa conduci estudionan pertinente na nos waf y su impacto ariba e economia di nos pais. Resultadonan di e estudio aki ta wordo distribui cu autorisacion di Universidad di Aruba. Pa un copia di e resultado manda un e-mail na ryan.peterson@ua.aw.

Gaming Board pa Casino keto bai pendiente pa mira luz

Pa basta añanan caba,si no ta decada,ta ser papia riba un comusion di GamingBoard pa Casinonan.

Esaki ta uno cu ta data for di tempo di e lider di MEP,Betico Croes,(q.e.p.d.), ta na unda e proyecto aki a ser papia di djele,pero cu nunca a cristalisa y bira realidad. Pesei,manera a ser bisa mas cu 35 aña caba cu ta papia di e famoso GamingBoard pa Casinonan.

Mucho no aser papia di e proyecto aki,cu ta encera e maneho y control di Casinonan riba nos isla,pa por tin un mihor bista di placa cu ta lora riba nos isla.

Tambe ta asina aki cu tempo a transcuri y e mundo di wega di placa ta ser vigila y scrutina masha di aserca,specialmente cu labamento di placa.

Centrale Bank di Aruba y Departamento di MOT ta dos instancia cu ta controla estrictamente riba movecion di placa riba nos isla,serca tur instituonan cu tin di haber cu placa y su circulacion. Awendia tin leynan stricto cu no ta duna espacio pa hasi cosnan for di sla y asina mes tin biaha sa sosode cu sa tende di labamento di placa cu sa sosode y ta ser investiga rigorosamente pa esnan competente.

Dus e "Witwasserij", ta keda vigila di serca pa esnan cu ta combati esaki lokal y internacionalmente.

Den un combersacion cu nos a hiba cu Donny Kock,encarga cu e maneho di e departamento encarga cu asuntonan di Casino, a duna di conoce riba e lantamento di e GamingBoard aki y e desaroyo rond di esaki y tambe di e trabao diario di e departamento aki cu tin su tarea estricto pa hiba control na Casinonan den nos Hotelnan. " Nos hendenan no ta solamente encarga cu registra lokalnan cu ta bishita casinonan,pero tambe cu e control riba e minimo y maximo di betnan cu ta ser hasi," Donny Kock a trece dilanti. Mester bisa cu su persona ta encarga cu alrededor di 75 empleadonan publico, cu ta labora diariamente na dicho departamento aki cu ta uno di gran resposabilidad. E departamento ta dividi den tres persona den e parti administrativo, tres hoofd centraal buitendienst,cu ta supervisa e 59 empleadonan cu ta traha warda den e casinonan.

Mas interesante ta e hecho cu tin tres sindicato cu ta representa e empleadonan aki di e departamento encarga cu Casino. Esaki nan ta SEPA,TOPA y nan propio sindicato, SICCA,cu ta di e empleadonan mes,cu a ser lanta despues cu tabata reina un tempo,falta di confiansa y por ta falta di guia pa cu nan futuro den e departamento aki.

Pa loke ta trata e GamingBoard y si esaki lo mira luz,despues di a keda hopi tempo para,sigur desde cu ex-ministro Rudy Croes a laga esaki pendiente pa e gobierno actual sigui trata e asunto aki.

Segun Donny Kock, e asunto di GamingBoard aki na e momentonan aki ta na departamento di WetGeving pa corecion di ley y otro aspectonan y despues di esaki lo ser manda pa Parlamento di Aruba na unda diferente comisionna lo bai trata esaki. Lo mester bai atende cu diferente comisionnan tanto pro y contra esaki,pa despues e propio parlamentarionan mes lo por duna nan opinion den debatenan den reunionnan publico den Parlamento.

Riba nos pregunta di kiko su persona,esta Donny Kock ta pensa di e bin-imento di e GamingBorad aki ela bisa,;"Eta bon pa nos tin esaki y e control den Casino lo bira mas directo y e beneficionan lo ta hopi bon den e maneho pa cu e Casinonan," ela termina bisando.

Berdad si ta tambe cu na e momentonan aki bo ta haya Companianan manera,Hyatt Resorts y Marriott Resorts,ya caba nan tin nan propio departamento cu ta controla y mantene nan mes na margin di ley rond mundo ,debi na e tantisimo hotel y casinonan cu nan mes ta opera tur dia y pa nan imagen ta atene nan mes na ley di e pais cu nan ta opera.

No ta conoci ki tempo e procesonan aki di e GamingBoard lo por keda cristalisa,ni tampoco ki tempo e asunto di e GamingBoard aki lo yega nos Parlamento,pero hecho ta cu eno ta drumi den un lachi y lubida,pero cu eta canando su camindo.

Nos hermana isla Corsou ya pa basta aña caba tin su GamingBoard cu ta controla y si esaki a resulta no ta conoci,pero hecho ta cu esaki ya ta operacional pa Gobierno di Corsou.

Soul Beach Festival bek na Beach

Despues cu Soul Beach Festival a ser teni den Joe LaVeist Sportr Park, leu for di tabata un beach festival y cu e acohida tabata un fracasa,considera pa esnan cu ta organisa,a comenta,ata Soul Beach festival atrobe riba beach e aña aki.

Mester bisa cu desde inicio di e proyecto aki varios aña atras door di Ministro di Turismo e tempo ey, Edison briesen,esaki ta atrae hopi hende di afor cu ta bin wak nan faborito den e mundo di cantantenan.

Meta di e festival aki semper tabata pa atrae,turistanan durante e supuesto off-season pa yena kambernan di hotel y pa diversifica for di e tempo ey nos economia.

Tur biaha esaki tabata un exito y ta di spera despues di a hiba e festival aki aña pasa na Joe LaVeist Park, cu a keda demostra cu eno ta atrae hende eynan y mas ainda den e festival aki ta menciona cu elo ta riba un beach y no den un parke di wega.

E aña aki lo tin atrobe varios artistanan conoci na Merca cu lo bin Aruba pa presenta y sigur nan lo atrae nan fanaticonan pa bini bin disfruta di nos isla.

Juan David Irausquin ta bisa mester baha presupuesto cu tres porciento

Parlamentario Juan David Irausquin,durante e conferencia di prensa teni ayera,a trece un aspecto masha interesante padilanti,entorno e deficit di e aparato gubernamental,nan unda eta enfatisa riba e hecho di reducion di e presupuesto pa 2012, cu mester keda reduci drasticamente.

E parlamentario Irausquin, ta kere cu mester bini un dialogo nacional di tur partido politico pa yega na un sonsensus pa tenbe e deficit di e aparato gubernamental abao,of por lomenos mantene e reducion di tres porciento pa e añanan venidero pa bienestar di nos pais.

"Mi no ta kere cu por mantene un presupuesto cu ta di 350 miyon deficit pa mas cu dos of tres aña tras di otro y cu esaki no ta saludabel pa nos pais tampoco,"na palabra Juan David Irausqun.

E parlamentario ta kere cu por wanta un deficit di 350 miyon florin pa e aña aki,pero esaki no por permisible pa e otro añanan venidero y lo no ta saludabel pa nos economia tampoco.

" Mi ta kere cu mirando e hecho cu partido AVP, otronan manera, Booshi Wever cu ta kere den e tres porciento di reducion riba e presupuesto di e aparato gubernamental,ya ta duna un bon señal cu e ta riba e bon caminda y ta spera cu por haya partido MEP tambe pa pensa den e mesun direcion aki.Pesei un dialgo nacional di politiconan ta vital pa sigura nos control riba e presupuesto gobernamentral,pa mantene esaki bao di control pa e proximo añanan cu lo bini,"Juan David Irausquin a duna di conoce.

Segun e parlamentario, Banco Central di Aruba ya caba a señala cu pa e aña coriente aki ya tin un deficit di 60 miyon florin, debi na e hecho cu e refineria di Valero no ta produci,manera mester ta,debi na e shutdown temporal.

" Si e refineria di Valero no habri mas, esaki,esta e deficit lo por bira 100 miyon florin di perdida na entrada,"Juan David Irausquin a duna di conoce.

"Mi ta bisa atrobe un deficit di 350 miyon florin no ta sustenible,si esaki sigui pa varios aña y elo tin su consecuencianan negativo pa e presupuesto gubernamental,sigur no positivo," eparlamentario Irausquin a termina bisando.

Lo mester reduci cu 175 miyon florin,cu ta un tres porciento pa por mira un balance equilibra den e presupuestonan pa futuro.

Limpiesa rond di Ritsz Carlton Hotel a tuma lugar

Hopi critica a ser hasi riba e forma con e contratista cu ta construyendo Ritsz Carlton Hotel. Tabata maneha e desperdicionan na dicho Hotel bao construcion.

Despues di masha reclamo cu tin hasta a bai te na Corporate Management na Merca cu lo a haya oido,debi cu e siman aki, e limpiesa a tuma lugar tanto riba beach cu a recohe tur e foam y saco di plasticnan cu tabata bai riba beach y drenta den laman,door di e biento fuerte.

Tambe ta asina aki cu hasta esnan cu ta labora na sitio di e construcion aki, no tabata importanan unda nan para auto,esta riba beach y nan no ta contribuyendo cu e naturalesa at all.

Ta di spera cu awor cu a pone atencion na esakinan,cu lo no bolbe ripiti tal escena masha mas y cu a haya critica severo di nos turistanan cu ta promenan cu a bati alarma na gerencia di Marriott Resort,resientemente.

Pa loke ta e parti positivo ta indica cu e desaroyo di e construcion di Ritsz Carlton ta bayendo segun planea,segun e contratista a duna di conoce.

Na momento cu Ritsz Carlton Hotel & Casino aki keda completa, elo ta un otro adquisacion positivo pa nos isla y sigur elo atribui na e hisamento di e nivel di nos futuro bishitantenan na nos isla.

Durante e reunion a bin dilanti cu e relacion entre Aruba y KLM ta bayendo hopi bon, algo pa cual Gabinete Mike Eman y Minister Oduber en particular a boga pe for di momento cu a asumi e posicion ministerial. Naturalmente semper den un relacion tin espacio pa mehora y esaki tabata un di e temanan di e encuentro aki. Den e cuadro aki KLM a indica cu nan a nivel a e tarifanan pa Aruba, algo cu pa hopi tempo no tabata e caso, caminda e vuelo pa otro islanan den Reino tabata mas barata cu pa Aruba. Esaki awor no ta e caso mas, lo cual sigur ta positivo pa cu nos isla.

Analisis di turismo haci pa Benny Nisbet

DI CON ARUBA NO TA DIVERSIFICANDO PA NOS POR PARTICIPA MAS ACTIVO DEN VARIOS OTRO MERCADO…. MCI(conventions)…. HEALTH AND WELLNESS…. Y COMO GOLFERDESTINATION ..?

Esun cu a analisa e articulo cu A.T.A. sui generis a kaba di saca mester conclui cu e titulo di e articulo aki cu ta mencion un crecemento entre januari pa april di 1.3% a worde poni pa suaviza e dolor di e analisis interno cu ta trata grandemente cifranan di luna di april 2011.

E articulo ta duna un analisis di e diferente Mercado for di unda Aruba ta hasi mercadeo pa busca nos turistanan. Oracu PPA analisa e informacion aki PPA ta tene debida cuenta cu for di januari pa april ta trata e periodo di nos 'season' mas imprtante cual ta core for di "December pa april" !!!..Si e cifranan NO ta positivo…mester cuminsa analisa pakiko no ??

Norte America:

E resultado di nos Mercado mas importante esta Estados Unidos ta mustra hopi malo mes.

Turistanan for di 'North East' a baha cu 5.7 %. Turistanan for di 'Western' a baha cu 1.6%. Turistanan for di Mid Atlantica a baha cu 11 %/ Turistanan for di Sout East a baha cu 10.7% mientras for di Mid West ta e UNICo for di unda a subi cu solamente 2.5%. For di Canada turistanan a crece na luna di april cu 21.1 %.

Esaki ta un desaroyo hopi NEGATIVO mes !! Y mester worde cuestiona severamente !! Partido PPA No ta comparti cu esaki tin di haber solamente cu falta di capacidad riba e ruta di New York Aruba…desde cu American Airlines a stop di bula menos.

PPA ta cuestiona ….Kiko ta e producto turistico cu Aruba ta projecta na Merca ?? Kiko nos ta ofrece e turista cu ta bini for di Merca…. Solamente Sun, Sea & Sand ?? Con a para cu nos mercadeo den e sector di M.C.I.(Meetings, Confentions & Incentives)…. Con e mercadeo di Aruba ta den e sector aki ?? Y Kiko ta worde hasi aki na Aruba …pa mejora nos infrastructura pa e sector aki ??

Aruba ta diversificando nos projecto cu e sector di 'Health and Wellness" ??? Kiko ta nos fascilidadnan cu nos a inverti den djele ultimo 5 ana pa prepara pa e sector aki ?? Algun tempo pasa PPA a publica cifranan Americano cu e grupo cu mas ta creciendo anto cu un 35% di aumento annual y ta worde pronostica cu esaki lo keda crece anualmente cu 35% e proximo Diez ana of mas. Cu otro palabra un parti substancial di e turista Americano ta analisa cual destinaciona tin "Health and Wellness" pa ofrece …fuera di Sun, Sea & Sand ?? PPA a puntra publicamente y nos ta cuestiona gobierno di Aruba un vez mas…..Kiko ta maneho di gobierno di Aruba pa medio di A.T.A. sui generis pa nos acapara un porcentahe substancial di e Mercado di "Health and Wellness". PPA ta e prome partido politico pa a senala e mercado aki algun ana pasa y e UNICO partido pa a keda consistente cu E pensamento aki !! Mientras e cifranan Americano ta duna PPA su vision como e vision correcto.

Kiko ta worde hasi pa Aruba por worde bendi como un "golferdestination" tambe den exterior… cu otro palabra Aruba lo mester drecha nos golfcours na San Nicolas ….y busca pa logra un golfcourse 'extra' Internacional di 18 buraco….pa nos por mercadea nos mes den e ramo aki ……Con a para ??? Kiko Gobierno ta hasi riba e posibilidad aki ?? Cuanto inversion tin den e sector aki ??? Unda e plannan aki ta ??

Nos ta kere cu Ministro di Turismo y Transporte sr. Otmar Oduber y ATA sui generis debe pueblo di Aruba un splicacion riba e topico aki.!

Pa asesinato kruel di hobensito....

Julien Constansia a haña 11 aña i 5 luna prezu

DEN HAAG - Despues di sinku aña i mei di apelashon konstante di su kastigu pa asesinato di un eskolar inosente, e yu'i Korsou Julien Constansia a haña definitivamente un kastigu di 11 aña i 5 luna prezu ku ta un kastigu muchu mas suave ku ela yega di haña den un sentensia anterior di bida largu.

Korte Supremo na Hulanda a baha e ultimo kastigu ku Julien Constansia a haña pa asesinato di Jesse Dingemans (8) na su skol na Hoogerheide na aña i a redusi e kastigu ku sinku luna.

Pa motibu ku e kasonan a dura asina tantu awor e lo sinta solamente 11 aña i 7 shete luna ounke ainda lo e mester keda na disposishon di estado si resultá ku e ta un menasa pa sosiedat.

Aña pasá Korte di Hustisia na Arnhem a kondená Julien na 12 aña di kastigu i a pone komo kondishon ku e mester keda na disposishon di estado despues ku e sinta su kastigu.

Julien a kòrta garganta dje hobensito di 8 aña den pasiyo di su skol pero hamas a splika wesnan dikon ela hasi e kos aki.

Ela apelá e kastigu pasobra e no tabata di akuerdo ku despues di sinta su kastigu e mester keda na disposishon di estado pa nan evaluá regularmente basando su apelashon riba e argumentashon ku pasobra e no a koperá ku e evaluashon, no por bisa ku e no ta normal.

Korte Supremo den su ultimo veredikto a señalá ku e táktika di Julien pa no koperá den evaluashon di su komportashon no ta nifiká ku esei ta determiná ki kastigu e por haña.

Korte di Hustisia tin tur derechi pa konsiderá rapòrtnan bieu i yega ne konklushon ku e no ta normal i ku na momento ku ela kometé e krimen horendo aki e no por tabata na su tinu.

Na tur for di dia ku ela bai promé biaha dilanti di wes te ku e siman aki e veredikto final a kai, e kasonan a dura sinku aña i mei. Den tur kaso Ministerio Publiko a pidi 20 ña di kastigu di prizon di TBS.

Na aña 2007 un tribunal na Breda a kondené na 12 aña di prizon i TBS.

Un tribunal na Den Bosch a kambia e kastigu den bida largu pero Korte Supremo a habri e kaso di nobo na 2009 pasobra e wesnan no a insisti ku Julien ku e no ta kapas pa defendé su mes debidamente (???).

En todo kaso e sentensia tabata identiko na esun di 2009 i 2007.

David Ortiz is not a leader in the clubhouse

BALTIMORE -- For David Ortiz, this may be one of the lasting scars from September's collapse, that the Boston Red Sox clubhouse was portrayed as a place where there were few, if any, leaders to be found. Worse yet is the idea that it was no different this season.

Understand, then, that Ortiz's first reaction was suspicion when he was asked Monday night, after he'd hit a home run onto Eutaw Street beyond the right-field fence in Camden Yards in an 8-6 Boston victory, about the team meeting he called on May 11, in the midst of the uproar over Josh Beckett's golf game.

"Who told you about that meeting?" he said.

Told that it had already been reported, Ortiz did not reveal details, other than in general terms, about what was said in the course of the meeting.

But as the player with the most seniority in the Red Sox clubhouse now that Tim Wakefield andJason Varitek have retired, Ortiz minced few words in describing how insulting he finds it to be dismissed as lacking leadership qualities -- not only by the media, but by the people running the team.

"Well, let me tell you, I was reading an article [that] talked about the leaders people call 'leaders' in this town," he said. "Basically, it seems like no matter what you do, it's not good enough.

"And you can only call leaders the guys who are out diving for balls on the field or calling pitches behind the plate?"

That would seem to be a direct reference to Varitek, who was the team's captain, and toDustin Pedroia, often mentioned as a possible successor to Varitek as captain.

"No. 1, I don't agree with that," Ortiz said. "And No. 2, what I do I don't do for people to know. I do it for my teammates, to get to know things better. I don't give a [expletive] about anybody knowing what we talk about, No. 1. And No. 2, I don't give a [expletive] what they call leaders."

Shortstop Mike Aviles, for one, had praised Ortiz for calling the team meeting, after which the Red Sox have won nine of 11 games. "He's a leader, he's a leader," Aviles said Sunday. "And when you have a leader like that call a meeting, [he] basically says, 'Let's go, let's step this up and get where we need to be.'"

But that perception of Ortiz is not typically shared outside of the clubhouse. Oh, much has been made about Ortiz as a beloved teammate and a unifying bridge between the team's Anglo and Latin players, but leader? Not so much, which Ortiz -- who is 36 and in his 20th year of playing professional baseball -- says only reflects the ignorance of those making that judgment.

"What they call leaders is not what a leader is all about," he said. "They need to go to the dictionary and find out what the word 'leader' means. You know what I'm saying? The leaders they call leaders are the ones who get in front of the crowd and try to lead them. But that's not the case here.

"I'm the kind of [expletive] who worries about winning games. I'm a winner. I hate losing. But what I do, I don't do for everybody to know. I do it for us to get better, and the trash talking out there to stop."

Ortiz insists it doesn't matter if he's called a leader, but the topic clearly rankles him.

"I don't give a [expletive] if they want to call me a leader. I don't give a [expletive] if they want to call me a captain. I don't give a [expletive] if they call me either of them. Because you know what? I always say I came to play this game and one day I'm going to be gone. And as long as I play, I'm going to try to do good. I'm going to try to do whatever it takes to win ballgames."

To Ortiz, there is a lack of respect for what he has tried to do in his decade here.

"I don't get no respect," he said. "Not from the media. Not from the front office. What I do is never the right thing. It's always hiding, for somebody to find out."

Though he did not mention it, it still stings Ortiz that the Red Sox were unwilling to sign him to a two-year contract extension, instead coming to an agreement on a one-year, $14.75 million deal just prior to an arbitration hearing.

Ortiz also said he was criticized for not calling a meeting earlier.

"Somebody wrote, 'Why didn't he do it earlier?' Earlier? When am I going to do it, in spring training? What did I do wrong? Seriously, what did I do wrong?

"You hit 54 home runs, then hit 35, it's not good enough. How many people hit 35? Never good enough, bro. That's why I don't care.

"What I care about is the respect of my teammates, the [expletives] who know that we need to play the game better, worry about what we got to do, and that's about it. They respect that. We talked and then we go about our business afterward. I don't care about anything else."

So did the message take?

"That's what I care about," he said, nodding. "We're playing better, we're winning, everybody is going about their business. And it's still May. Not late, like [some critics] want to say."

Mariners trip up Yu Darvish again, cruise by Rangers

SEATTLE -- Felix Hernandez said the hype and attention paid to Texas star Yu Darvish had no bearing on his level of intensity heading into Monday night.

Seattle's ace was too focused on making sure the best offensive team in baseball didn't continue Hernandez's unusual run of rough starts.

"Attack and just throw strikes," Hernandez said. "If you get behind against this lineup, it's a problem."

Hernandez shut down Texas' sluggers for eight innings, while Ichiro Suzuki and the Mariners bats were chasing Darvish after just four innings in the shortest start of the season in Seattle's 4-1 win over the Rangers. Seattle became the first team that Darvish had to face for a second time, and for a second time he struggled to solve the Mariners. Darvish (6-2) labored through 96 pitches and a season-high six walks and was denied the chance to become the first seven-game winner in the majors.

Only Seattle's inability to take advantage of a bases-loaded situation in the fourth inning kept Darvish's line from being worse. Suzuki singled and tripled off his countryman, driving in a pair of runs as Seattle built on its three-game sweep of Colorado over the weekend. "He can throw anything at any time, obviously has a good arm and keeps the ball down for the most part," Seattle manager Eric Wedge said. "But you really have to tip your hat to our guys, offensively. Our guys went up there, made him come into the zone and when he didn't, took the passes when we could."

While most of the attention went to Darvish and his impressive run of success, Hernandez was trying to atone for a pair of forgettable starts against the Yankees and Cleveland in which Hernandez allowed a combined 21 hits and 10 earned runs.

He was back to his top form against the Rangers. Hernandez allowed six hits, struck out seven and walked two. He took a shutout into the eighth before Mitch Moreland hit a leadoff homer to deep right-center field. It marked the 15th straight game Texas hit at least one homer, but Hernandez finished off the inning, and his night with his second strikeout of slugger Josh Hamilton.

"How hot (Hamilton) is right now, that was pretty good," Hernandez said.

It helped Hernandez that he was playing with a lead and thanks in part to some lessons learned from the first time Seattle saw Darvish. Namely patience.

While Darvish was off to a solid start -- subtract the five runs in the first two innings against the Mariners in his debut and his ERA since then is 1.94 -- all of his starts were against teams seeing the Japanese star for the first time.

And Seattle had plenty of success -- for two innings -- when it saw Darvish for the first time back in April. The Mariners rattled Darvish for eight hits and five earned runs that day, but the Rangers gave Darvish enough offense to make that first start a victory.

This time, Seattle had nearly as much offensive success -- trading hits for walks -- but the Rangers' bats were getting silenced by Hernandez.

Darvish's troubles started almost immediately. He walked Michael Saunders with one out in the first and Suzuki immediately ripped a shot over first base and down the right field line. But instead of bouncing off the short-wall in foul territory and into the outfield, the ball hit and stayed at the base of the wall. Saunders scored from first and Suzuki strolled into third and an early lead for Hernandez.

Seattle gave Hernandez a bigger cushion in the third inning. With two runners on and one out, Suzuki sent a single into shallow center that scored Dustin Ackley from second. Saunders was aggressive and tried to go first to third on the hit, and instead jogged home when Hamilton's throw from center soared over third baseman Adrian Beltre and into the Rangers' dugout on the fly. Rookie Jesus Montero followed with a sacrifice fly to deep center that scored Suzuki.

Darvish continued to struggle in the fourth, walking the bases loaded to start the inning. Ackley's RBI single scored John Jaso, but Darvish got infield groundouts by Saunders and Suzuki and a strikeout of Kyle Seager to end the inning and limit the damage. Montero added an RBI double in the seventh off reliever Yoshinori Tateyama, who was called up on Monday after Neftali Feliz was placed on the 15-day disabled list.

Darvish had pitched into at least the sixth inning of all eight of his previous starts.

"I was apologetic. I wasn't able to go deep in the game as a starter should," Darvish said through an interpreter. "Giving up those runs with only four hits; overall the approach and substance wasn't that good."

Heat stars call out Danny Granger

MIAMI -- Miami Heat stars LeBron James and Dwyane Wade have grown tired of what they think are baiting tactics from the Indiana Pacers' Danny Granger. James went so far as to call Granger's ploy "stupid."

Granger has gotten called for technical fouls in each of the past three games for getting into both James' and Wade's faces after fouls. Granger said he doesn't intend to back down but several times he has appeared to be the one to instigate the confrontation.

"Whatever he's trying, it is not working," James said Tuesday before Game 5. "He's said he's not scared of LeBron, I want to let (James) know. I guess he's doing it for his own psyche. It's stupid."

Granger said his actions are part of a chip-on-the-shoulder mentality the Pacers have adopted for this series. The Heat were the heavy favorite coming in and Granger said the team feels it has to earn respect.

"I think there is a line and I'm tiptoeing it," Granger said. "That's a product of the chip on my shoulder and we have on our shoulder as a team of not being respected. That goes not just for this series, but all year. We had the fourth or fifth best record in the NBA and I think we only had one televised game. Three or four teams that didn't make the playoffs had more televised games than us. It was just a matter of being disrespected nationally."

Granger went to chest to chest with James in both Games 2 and 3, once after a play in the post and once after he fouled James in transition. In Game 4 on Sunday, Granger approached Wade after teammate Roy Hibbert and Wade got tied up after a hard foul under the basket. "I'm all for standing up for your guys, but certain things you just can't keep doing," Wade said. "My message to Granger was that you just can't keep running up into people's faces for altercations. We're not fighting on this basketball court, so let's not act like we're going to fight. We can be physical and do all that, but certain things got to stop. Are you out here to play basketball or are you out here to be a tough guy?"

It has been quite clear that part of the Pacers' strategy for the series is to get under Wade's and James' skin as much as possible. Indiana prefers to play a physical style, especially defensively. Granger admitted after watching replays he realized it was Hibbert who made contact first.

"Maybe it was overreaction, maybe it wasn't," Granger said. "I don't know, but it was in the heat of the moment. I run to the defense of my teammates so often. Sometimes they're in the wrong, sometimes they're in the right. But I'm blinded by the fact that they're my teammates so I just automatically run to their defense."

James said if Granger is looking for a fight he won't get one from the Heat.

"Nobody is fighting on the basketball court. C'mon," he said. "I'm not going to fight because I mean too much to our team and I can't afford to be suspended for a game or do something stupid to get thrown out of a playoff game."
